## **IWATSU VOICE NETWORKS DELIVERS UNIFIED COMMUNICATIONS TO THE APPLE IPHONE®**

**DALLAS, TX – May 26, 2009** –Iwatsu Voice Networks ([www.iwatsu.com](http://www.iwatsu.com)), a leading provider of Voice over IP and Unified Communications (UC) solutions, announced Mobile UC software for the Apple iPhone® that delivers full UC to the Apple's iPhone®. Developed by Iwatsu's partner, Esnatech, the new UC App uses Apple's award winning user interface to access and integrate with corporate communication networks.

Apple iPhone® users can use the popular device to directly integrate with Iwatsu Voice Networks' Enterprise Suite UC features. Available as a beta release and free of charge from the iTunes App Store, the Mobile UC application allows users to manage personal presence status, view co-worker presence status, securely instant message and even initiate corporate phone calls directly from the iPhone®.

“The Iwatsu Enterprise Suite already delivers fax and voicemail messages into the iPhone® email inbox,” said David Carissimi, President of Iwatsu Voice Networks. “Mobile UC software combines voice processing and messaging with presence management and delivers these features to the Apple iPhone®. This demonstrates Iwatsu Voice Networks' commitment to mobile application integration. We believe Iwatsu is one of the first VoIP system manufacturers to deliver full business unified communications to the iPhone®.”

The Mobile UC software for the Apple iPhone® provides the following features:

- One-touch dialing to coworkers' desk or mobile phones.
- Instant message coworkers using the secure, LanTalk instant messaging application.
- Manage and define office presence status and integrate with the Iwatsu Enterprise Suite.
- View presence status and availability of colleagues.
- View call history and generate calls from the history.

To schedule a demo of the new mobile UC app for Apple® products, contact Chris Fiaccone at 972.929.5213 or [cfiaccone@iwatsu.com](mailto:cfiaccone@iwatsu.com).

### **About Iwatsu Voice Networks**

Iwatsu Voice Networks (IVN) provides leading edge business communications solutions to small and medium sized business (SMB), the educational market and many other market segments.
